

LETTER FROM THE DESK OF EDITOR IN CHIEF

It gives me immense pleasure in bringing to you Volume 1, Issue 1 of *INTERNATIONAL JOURNAL OF DENTAL AND MEDICAL RESEARCH*. Coming with a scientific journal with an aim to promote developments in the field of dental and medical research had always been one of my dreams. Finally we are here with the first issue of the journal.

Even though, research works in the field of medical sciences have grown up since past few decades, it shows a sorry figure when it comes to awareness about these new developments among the budding health professionals. This may be due to lack of publications by young researchers. Our journal encourages all the researchers to benefit the medical science with their valuable contributions in the form of research article.

The *INTERNATIONAL JOURNAL OF DENTAL AND MEDICAL RESEARCH* is quite fortunate to have an extremely experienced team of academicians from different fields of medical and dental science. I would like to thank the entire editorial board and the reviewer's team who have put in best of their efforts, to make this journal come true.

The journal is now online at www.ijdmr.com. Articles in the following categories are welcome: Original Research, Reviews, Editorials, Letter to Editor, Rare Clinical Cases, Lessons from Practice, Diagnostic Dilemma, Viewpoint, Opinion, Hypothesis, Medico-Legal issue, etc. Researchers can submit their valuable manuscript to ijdmr.editor@gmail.com.

Finally, I would once again like to thank the editorial and reviewer's team for contributing to the journal with their excellent knowledge and I would also like to thank all the researchers who have contributed with their articles to the first issue of *IJDMR*.

Sincerely yours,

Dr. Deepak Ranjan Dalai,

Editor in Chief,

International Journal of Dental and Medical Research.
